Attracter Flies III on 1/64 oz - Double Eye – Hook 4/19/2020

The attracter flies keep coming in. Now I know you can tie on the 1/64 oz double eye hook and all the attracters that come in will catch fish.

The first one is from Nellie Morrison, Springfield, MO. Nellie likes to fish for just about everything and will use this fly with a smaller fly attached.

Larry Olsen, Strafford, MO tied a Tiger Tail on the double eye hook.

Elmer Meiler, Lincoln, NE has been tying warm water flies for over 50 years. Great looking flies.

Zach Smith Springfield, MO tied this on. Zach must have a secret way of getting a bead on that hook.

This is a Bee I tied.

If you need that extra weight to get your fly down the 1/64 oz double eye hook is one way that might work for you.

Tell me what you think,
